Dear Friends,

Since beginning after the flood that Noah and his family went through, God made a promise to Abraham about the nation of Israel. In Genesis 12:2-3 God says, "*I will make you into a great nation and I will bless you; I will make your name great, and you (Israel) will be a blessing. I will bless those that bless you, and whoever curses you I will curse; and all the people on earth will be blessed through you.*" God's choice of Israel as His people has never changed since God spoke it in Genesis. Romans 11:29 says, "*For the gifts and calling of God are without repentance.*" This mean when God says something or chooses something, He does not change.

Since God has chosen Israel to be His people there has been a concerted effort by the enemy to wipe 'God's chosen people' off of the planet. Israel has always been the enemy of the Muslim people. Reading the Old Testament, you see that all of the tribes around Israel were constantly warring and trying to put Israel in captivity. God always intervened and gave Israel the victory as long as they were not serving other gods. We see that God many times intervened in supernatural ways, giving Israel (God's chosen), the victory.

Here we are thousands of years later, and the enemy is still trying to defeat Israel. Israel is surrounded by many enemy nations that want to see Israel destroyed. Right now, the only thing holding back Israel's enemies is the United States of America because we are Israel's ally. America has always voted in favor of Israel in the United Nations, meaning we would defend Israel if someone were to take aggressive action against them. Well, it seems as though that has changed with the current administration.

On May 19, 2011, President Barrack Hussein Obama in a speech said Israel should return to their 1967 borders.

Washington DC — "In a major speech that sought to reframe U.S. policy in the Mideast, President Barack Obama endorsed a key Palestinian demand Thursday for the borders of its future state and prodded Israel to accept that it can never have a truly peaceful nation that is based on "permanent occupation." Obama's urging that a Palestinian state be based on 1967 borders — those that existed before the Six-Day War in which Israel occupied East Jerusalem, the West Bank and Gaza — marked a significant shift in U.S. policy and seemed certain to anger Israel." Is the current administration turning away from supporting Israel? We have to continue supporting Israel no matter what.

Three days after President Obama's speech Tornado's rocked the Midwestern section of the U.S., with Missouri seeing an EF5 tornado hitting Joplin and killing 142 people. Is this just a coincidence, we don't think so. We have set up a special webpage ([www.heartfire.org/israel.html](http://www.heartfire.org/israel.html)) with a historical listing of times from 1991 to 2005 that our government has not sided with Israel and a day or so after America was hit with a national tragedy and suffered. Please read this and feel free to check out our information, it is strictly historical. If you don't have internet accessibility, we would be glad to mail this information to you at your request. It is shocking information.

Thank you for your prayerful and financial support. Heart-Fire Ministries preaches the whole Gospel. We support Israel and believe that our government has to continue supporting Israel or we will see more and more disasters striking America. Heart-Fire receives no state or federal monies, we depend solely upon the generosity of you, our partners to continue spreading the Gospel. Thanks!

Missionaries to Urban America,

*God says He will bless those who  
bless Israel and  
curse those who curse Israel.*
